The petition drawn by Aldermen Laird and Wheelock to present to the State board of railroad commissioners, praying it be adjusted the Granite street crossing difficulty, has been signed and filed with E. M. Harvey, clerk of the board. The petition was signed by the above named and four others—L. P. Gordon, L. P. Lawrence, J. W. Emery and H. B. Wedge. There was no attempt made to obtain more than enough signatures to get the petition before the commissioners. The state of business in the matter, should the petition be granted, will be fixed by the commissioners. Mayor Brown said today there had, as yet, been no conference between the city and the railroad people in the matter, as J. P. Landon, the attorney for the road, has been busy in county court and unable to attend to the matter.

To Mothers of Large Families

In this workaday world few women are so tired that physical exertion is not constantly demanded of them in their daily life.

We make a special appeal to mothers of large families whose work is never done, and many of whom suffer, and suffer for lack of intelligent aid.

To women, young or old, rich or poor, we extend an invitation to accept free advice. Oh, women! do not let

your lives be sacrificed when a word of advice at the first approach of weakness, may fill your future years with healthy joy
